SEAHAWK SPOTLIGHT

CONGRATULATIONS, DONNA GANDER BARBER! Thanks for all you do!

This is her 30th year in the Franklin County School District. Ms. Donna began working at Carrabelle School and taught there until the consolidation of the schools. She spent 26 of those years in the classroom; teaching 5th grade for a year, 1st grade for 6 years, and 4th grade for 19 years. Within our K-12 school, her heart led her to work with middle and high school students by sponsoring various clubs and classes such as Student Government, Cheerleading, High School classes through Graduation, and various activities. After teaching in the classroom, she has served as a Dean and Guidance Counselor and is currently the District Literacy Coach.

She expresses her favorite part of her role with a heartfelt message. It's when "I am engaged with kids (at any grade level) in learning and discussion which fosters critical thinking, questioning, examining important issues, self-reflection, and overall curiosity. My other favorite part of my job is the people I have met and come to love along the way. I have learned so very much over the years from my students, my coworkers, and community members and I am deeply grateful for the relationships I've developed.

For 19 years, I took my fourth-grade classes (and my very first and only fifth-grade class) on a three-day trip to St. Augustine, Florida. We spent all year fundraising and working very hard to earn the money and then spent three glorious days traveling, learning about history, eating, and of course, swimming at the hotel pool (always the student favorite). I have so many memories from those trips I will always carry with me and cherish. Thank you, Franklin County, for 30 wonderful years."

Donna Gander Barber reads to students.

HAPPY BIRTHDAY

Sept. 15 - Holly Chambers Sept. 17 - Toni Raffield

Sept. 19 - David Padgett & Kendra McDaniel

Sept. 20 - Nancy Price
