INTRODUCTION

The Student Code of Conduct was developed to help students, parents, faculty, and staff understand the guidelines for maintaining a safe and orderly learning environment. In addition, all students and staff are charged with modeling the characteristics of citizenship, character education and literacy.

This Code applies to all Franklin County District Schools' students in pre-kindergarten through grade 12, including high school age students attending either a technical center in a dual-enrollment program or a community school program for high school credit. It applies to students:

- While on school grounds
- While being transported by School District transportation
- During school-sponsored events, such as field trips, athletic functions, and similar activities.

While students may be disciplined for infractions as provided in this Student Code of Conduct, there also may be law enforcement consequences for acts of misconduct that violate the law.

This Student Code of Conduct is based upon the School Board's rules governing student conduct and discipline. It includes:

- Rules of conduct
- Specific grounds for disciplinary action
- Procedures to be followed in disciplinary actions, including corporal punishment
- An explanation of the rights and responsibility of students regarding attendance, respect for person and property, knowledge and observation of rules of conduct, the right to learn, free speech and student publications, assembly, privacy, and participation in school programs and activities.

Required revisions made to the school board approved 2023-24 Student Code of Conduct will be made available on the school district's website at franklincountyschools.org.

IMPORTANT NOTE: INFORMATION REGARDING FORMS WHICH MUST BE RETURNED BEGINS ON PAGE 41. FORMS **MUST** BE SIGNED BY STUDENT, PARENT OR GUARDIAN AND RETURNED TO STUDENT'S SCHOOL.

Scheduling Procedures

We will try to schedule all the courses selected by a student; however, the following may affect a student's final schedule:

- If a course is not requested by enough students, that course will not be offered. In this case every attempt will be made to select a course from the student's course requests.
- If two selected courses are only offered at the same time, the student can only be scheduled into one of them. Every attempt will be made to use one of the student's alternate selections to replace the unscheduled course.
- If a student chooses a course that has a prerequisite and the student's final grade in the prerequisite course is not adequate, the student's schedule will be adjusted accordingly.
- The scheduling procedure is to fill openings in courses in a descending order with 12th graders scheduled first, 11th graders next, etc. This is done to ensure that students closest to graduation meet their graduation requirements. Students should discuss and plan their schedule with their parents. Parents should assure their student's planned schedule reflects the scheduling procedures and courses needed for graduation. If a student fails a course, they will automatically be placed in the same course the next school year. The failed course must be completed with a passing grade before being placed in the next sequential course. If a student chooses to retake the failed course at another school (example Virtual School) they must be 75% finished with the course by August 1st before they will be scheduled for the next sequential course.

Schedule Change Procedures

Please be aware of the schedule change procedure when course selections and their alternates are made. A student's schedule may only be changed under the following conditions:

- A student is incorrectly scheduled because of inadequate or erroneous information.
- Administrative action becomes necessary because of imbalance of class loads, loss of a teaching unit, unique or unforeseen constraints.
- An additional course is needed to meet graduation requirements
- A schedule adjustment is required because a student already has received credit in a scheduled class
- The student must list a **valid educational reason** for requesting a schedule change
- Receiving teacher and current teacher will be informed of a student's schedule change via FOCUS
- The parent will need to sign the schedule change form, as well as the administrator, prior to change
- This process must be completed, and the form returned during the first 5 days of the applicable semester or at school administration's discretion or changes will not be made.

The Franklin County School District employs teachers certified by the Florida Department of Education. The school administration will decide the instructor for each course section. Students and parents will abide by the choice of instructor. Course content is consistent in all sections with the same course number and description. It is very important that you choose your courses carefully. The master schedule is built, and teachers are hired based on your course requests. Changes, once the school year has started, may not be possible.

Participation in Extracurricular Activities

In order to participate in extracurricular activities (including athletic programs), students must adhere to School Board rules, school rules and applicable law. It is important for students to understand that the behavioral expectations placed upon them by the school can extend beyond the classroom and school campus. Participation in extracurricular activities is a privilege.

The school administration may restrict a student's extracurricular activity privileges under the following conditions:

- students must attend class a minimum of 4 periods per day in order to participate in any activity including athletic practice or game.
- any student assigned to In School Suspension may not participate in extracurricular games/events until assigned time is completed.
- the student will sit out the first game following the completion of In School Suspension assignment.
- when in the judgment and discretion of the administration such restrictions are in the best interest of the student and the school.

Student Dress Code

The dress and grooming of Franklin County School District students shall contribute to the health and safety of the individual, promote a positive educational environment and not disrupt the educational activities and processes of the school. Because inappropriate clothing worn by a student is detrimental to the school program, the wearing of garments suitable for school shall be enforced. All faculty and administrative staff shall be on the alert to give positive guidance in these matters, without embarrassment to the student. These rules on personal appearance of students are intended to enable the students of Franklin County Schools to dress casually but reasonably. However, the school principal is the final authority regarding the appropriateness of student dress. **Nothing in these rules shall be construed to pre-empt the principal's or administrative authority** to act in specific cases when, in the principal's judgment and discretion, a student's dress threatens to disrupt the educational process or the good order and discipline of the school or is otherwise inappropriate.

A student's apparel and grooming shall be the responsibility of the individual student and his or her parents or guardians. Each student is expected to dress appropriately and in such a manner that it is respectful to self and others. Dress and grooming shall be clean, healthy, and safe and shall not be permitted to disrupt the teaching and learning environment. Items that when worn together are usually indicative of gang memberships (bandanas/insignia) or apparel that contains a message that is obscene, racist, or promotes illegal activities (drugs, alcohol, or tobacco products) shall not be permitted on school grounds or at school functions. Standards of Conduct for Students Transported by School Bus

Riding a school bus is a privilege. Students are responsible to the driver and must obey the rules of conduct. Discipline on the school bus will follow the progressive discipline strategies outlined below.

Bus drivers will report any student action that requires discipline to school administration. The school administration is responsible for disciplining bus students who do not obey the rules. The following rules apply to regular bus trips as well as extracurricular/field trips. Students should watch for traffic as they walk to and from the bus, to and from the bus stop, and while at the bus stop. Parents are prohibited from boarding the school bus without the direct consent of the driver.

If it does not or if the parent/designee is not at the stop the second time, the child will be returned to the school. Designee may be a sibling, grandparent, etc. The parent must communicate this information in writing to the Transportation Department **ahead** of time. The request will be reviewed and approved by Transportation.

- Keep arms and head inside windows. Do not throw objects from windows.
- Refrain from unnecessary conversation with the driver.
- Observe classroom conduct.
- Ordinary conversation is acceptable.

- Vandalism of school bus will not be tolerated and will result in disciplinary action including compensation from the parent for repair(s)
- If the bus is equipped with lap belts, students must wear the lap belt while riding the bus.

Discipline for students violating Bus Rules:

- Disruptive behavior and violation of the Code of Conduct on a school bus are grounds for suspension of the student's privilege of riding on a school bus, may be grounds for disciplinary action by the school and may also result in criminal penalties being imposed.
- The principal or the principal's designee may suspend a student from the school bus for up to ten (10) days per occurrence for violating the standards of conduct for students riding the bus or other misconduct.
- In addition to the suspension of bus privileges, students who violate the Code of Conduct while on a bus are subject to other disciplinary action as authorized by this Code.

School Trips

Students should not return to vehicles until the end of the school day or as they are leaving campus with permission.

SECTION 2 STUDENT ATTENDANCE

OVERVIEW

SB Policy 5200- “The educational program offered by this District is predicated upon the presence of the student and requires continuity of instruction and classroom participation. Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session. School attendance is the responsibility of parents and students. Absences shall be reported to the school attendance office by the parent or adult student as soon as practicable.

In accordance with statute, the Superintendent shall require, from the parent of each student of compulsory school age or from an adult student who has been absent from school or from class for any reason, a statement of the cause for such absence. The School Board reserves the right to verify such statements and to investigate the cause of each single absence.

In addition, educators have the responsibility to encourage regular attendance of students, maintain accurate attendance records, meeting with the parent must be scheduled to identify potential remedies. If the problem is not resolved, the child study team will implement interventions set forth in, and act in accordance with, the requirements in F.S. 1003.26.”

Schools will record absent and tardy students in the automated student attendance recordkeeping system. Provision shall be made for promoting school attendance through education of parents, enforcement of the compulsory attendance laws and related child-welfare legislation. Accordingly:

- A. teachers shall record absences each period of the school day and report absences, excused and unexcused, as required by the school;
- B. parents will be notified each time their child has an unexcused absence or an absence for which the reason is unknown, to prevent the development of patterns of nonattendance

- C. after 3 unexcused absences or absences for which the reason is unknown, the principal or designee shall contact the student's parent to determine the reason for the absence; a formal attendance note will be sent home when a student is absent for more than 3, 5, and 9 days per 9-weeks.
- D. absences must be reported to the school by the parent or adult student as soon as practicable; Failure to report and explain the absence(s) shall result in unexcused absence(s). After the 5th absence, a doctor's note is required for the absence to be considered excused. Students with suspected illness (Covid, etc.) may be seen by the School Nurse/Pancare. The final authority for determining acceptability of the reason for the absence(s) shall rest with the principal.
- E. when a student has at least five (5) unexcused absences within 30 days, or fifteen (15) unexcused absences within a 90 day period, the student will be reported to the Principal and/or the Truancy Officer/Attendance Clerk.
- F. attendance reports will be generated bi-weekly by the Truancy Officer/Attendance Officer to monitor if a child may be exhibiting a pattern of nonattendance/tardiness. Concerns will be reported to the Child Study Team.
- G. Students must bring in parent or doctor's notes for absences within 5 days of the absence(s). Students are able to receive 3 days as excused absences per nine weeks for parent notes. All other parent notes will be unexcused after 3 days per 9-week period.
- H. Students who miss 9 or more unexcused absences per 9-week period, will be grade locked to a 59% or lower (depending on grade based on completed work).

If a parent refuses to participate in the remedial strategies determined by the child study team because they believe that the strategies are unnecessary or inappropriate, the parent may appeal to the Board. If the Board's final determination is that the strategies of the child study team are appropriate, and the parent still refuses to participate or cooperate, the Superintendent may seek criminal prosecution for noncompliance with compulsory school attendance. For more information see Board Policy 5200.

Attendance-Based Semester Exam Policy

The semester exam exemption policy is an incentive program to encourage improved attendance. If a student meets the following guidelines, he or she will be excused from having to take the semester exam (or other exam scheduled during the semester exam period – i.e. – nine (9) weeks test, etc.) and will be excused from attending the classes in which an exemption was earned. In order to be eligible for any exemption a student must have five (5) or less overall tardies for the semester.

- A. If a student has an "A" average in a particular class and three (3) or less absences (excused or unexcused;) in any of his/her scheduled classes for the semester, then that student may exempt the semester exam in that particular class.
- B. If a student has a "B" average in a particular class and two (2) or less absences (excused or unexcused;) in any of his/her scheduled classes for the semester, then that student may exempt the semester exam in that particular class.
- C. If a student has a "C" average in a particular class and one (1) absence (excused or unexcused;) in any of his/her scheduled classes for the semester, then that student may exempt the semester exam in that particular class. Note: This policy does not apply to Dual Enrollment courses or to End of Course (EOC) exams.

Make-Up for Absences

For excused absences, the student shall have a reasonable amount of time to complete make-up work. Principals may grant extensions to the make-up time limit for extenuating circumstances.

For unexcused absences, each principal shall establish site-specific policies that encourage both regular attendance and high academic achievement and shall review and modify these policies from time-to-time as required to maintain and improve their effectiveness.

Excused Absences

The Board considers the following factors to be reasonable excuses for time missed at school:

- A. Personal illness of the student (medical evidence may be required by the principal or designee for absences exceeding five (5) consecutive days).
- B. Court appearance of the student.
- C. Medical appointment of the student.
- D. Pregnancy related issues (see also Policy 5751).
- E. Approved school activity.
- F. Insurmountable problems. Prior permission by principal or designee is required except in the case of an emergency.
- G. Other absences with prior approval of the principal or designee.
- H. Attendance at a center under Children and Families Services supervision.
- I. Significant community events with prior permission of the principal.
- J. Religious instruction or religious holiday.
- K. Death in the immediate family.
- L. Appointments for a therapy service provided by a licensed health care practitioner or behavior analyst certified pursuant to Florida law for the treatment of autism spectrum disorder including, but not limited to, applied behavioral analysis, speech therapy, and occupational therapy.
- M. Students having or suspected of having a communicable disease or infestation that can be transmitted are to be excluded from school and are not allowed to return to school until they no longer present a health hazard (FS 1003.22). Examples of communicable diseases and infestations include, but are not limited to: fleas, head lice, ringworm, impetigo, and scabies. In alignment with the Florida Department of Health, children with head lice should not return to school/daycare until they are clear of both lice and nits. Students are allowed a maximum of three (3) days excused absence for an infestation of head lice.

Absences not included in excused absences listed above shall be unexcused.

Students may not be given excused absences to remain out of school for the purpose of working, unless the job is an integral part of the student's instructional program.

Discipline

Students with excessive unexcused tardiness, lateness, absence, or truancy may be assigned to detention or placed in existing alternative programs.

Any student who fails to attend any regularly scheduled class and has no excuse for absence should be referred to the appropriate administrator. Disciplinary action should include notification to parents or guardians.

A student's grade in any course is based on his/her performance in the instructional setting and shall not be reduced for reasons of conduct. If a student violates the rules of the school, s/he should be disciplined appropriately for the misconduct, but his/her grades should be based upon what the student can demonstrate s/he has learned.

The Superintendent shall develop administrative procedures that:

- A. provide the student and his/her parents the opportunity to challenge the attendance record prior to notification and that such notification complies with applicable Board rules;
- B. require a school session that is in conformity with the rules of the State Board;
- C. govern the keeping of attendance records in accordance with the rules of the State Board;
- D. identify the habitual truant, investigate the cause(s) of his/her behavior, and consider modification of his/her educational program to meet particular needs and interests;

- E. require that students whose absence has been excused have an opportunity to make up work they missed and receive credit for the work, if completed;
- F. require that any student who, due to a specifically identifiable physical or mental impairment, exceeds or may exceed the District's limit on excused absence is referred for evaluation for eligibility either under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973 or other appropriate accommodation.

Habitual Truancy

According to School Board policy 5600, whenever any student has a total of fifteen (15) unexcused absences from school within ninety (90) calendar days, with or without the knowledge or consent of the parent, s/he will be considered habitually truant. The Board authorizes the Superintendent to inform the student and his/her parents of the record of excessive absences as well as the District's intent to notify the Department of Highway Safety and Motor Vehicles, if appropriate. The Superintendent is authorized to file a truancy petition under F.S. 984.151 if a student has accrued at least five (5) unexcused absences, or absences for which the reasons are unknown, within a calendar month or has had more than fifteen (15) unexcused absences in a ninety (90) calendar day period.

Tardiness

Tardiness is disruptive to the learning environment and can have a negative impact on student achievement. Excessive tardiness (more than 5 times per 9 weeks) will be addressed on a case-by-case basis. Disciplinary action for unexcused tardiness shall be progressive. Secondary students (grades 6-12), who arrive to class within the first 20 minutes, are considered tardy. If a student arrives later than 20 minutes into class, the student will be marked absent for that class period.

Driver's License

Florida law requires that minors who fail to satisfy attendance requirements will be ineligible for driving privileges. The School District is required to notify the Department of Highway Safety and Motor Vehicles of the following:

- Students ages 14-18 who accumulate fifteen (15) unexcused absences, not including out of school suspensions, in a ninety (90) calendar-day period.
- Students between the ages of 16-18 who have signed a declaration of intent to terminate school enrollment.
- Students ages 14-18 who are expelled.
- Students ages 14-18 who did not enter school and for whom the school has received no indication of transfer to another educational setting.

These students may not be issued a driver's license or learner driver's license. Also, the Department of Motor Vehicles shall suspend any previously issued driver's license or learner driver's license of any such minor pursuant to Florida Statute 322.091. In order to have a driver's license reinstated, the student must attend school regularly for thirty (30) days with no unexcused absences and pay the appropriate reinstatement fee.

Releasing Students from School

Any student to be released from school, prior to the regular dismissal time, must be checked out by an identified emergency contact **who is present, on campus, for identification** (secondary students who drive must have a parent present or have a faxed or emailed parent/guardian note). School staff shall definitively establish the identity and authority of any person who requests the release of a student from school prior to regularly-scheduled dismissal. If the person requesting the release of the student is a person other than a parent or guardian listed on the emergency contact form, the principal or teacher concerned shall not release the student without the consent of the parent or guardian who is listed on the emergency contact form. It is the responsibility of the enrolling parent or guardian at the time of registration, to make sure the emergency contact information is accurate and complete. If a non-enrolling parent contends that he or she has been improperly omitted from the contact list, it

is that parent’s responsibility to resolve the issue with the enrolling parent or seek a court order if the parties cannot resolve the issue. The Principal shall reserve the right to release students with parental consent on a case-by-case basis.

Granting Permission to Leave School Grounds

No student shall leave the school grounds except with the approval of the principal, provided that approval shall be granted only for urgent and necessary school business and with the consent of the student's parent or guardian. Students will not be given permission to leave for lunch and return to campus. Students who are currently on campus and check out may only return to class the same day with a physician’s note.

Exemption from Regular School Attendance

A student of compulsory attendance age shall be required to attend school as provided by the law unless issued an exemption certificate by the Superintendent FS 1003.21 (3). Students who have reached age 16 must file a "Declaration of Intent to Terminate School Enrollment" if they wish to discontinue their education. Upon filing the intent, the student must allow the school to conduct an “Exit Interview” to determine the reasons for the decision to terminate school enrollment and the actions that could be taken to prevent termination.

Illness in School

A student with a temperature above normal or who is exhibiting other signs of illness shall be evaluated by the school nurse and sent home. The specific guidelines and recommendations for exclusion from school due to illness are referenced in each of the Franklin County School District’s Health Manuals, on file at each school.

School-entry health examinations and immunizations

Florida Statute 1003.22 states that each child who is entitled to admittance to kindergarten, or entitled to any other initial entrance into a Florida public school, must present certification of a school-entry health examination performed within one year before enrollment in school and a completed DH Form 680 Certification of Immunization record for the prevention of those communicable diseases for which immunization is required by the Department of Health. A child may only be exempted from the requirement for immunizations under the same statute.

SECTION 3 STUDENT DISCIPLINE

Overview

Every student is subject to state and federal law, State Board of Education rules and School Board rules and policies while:

- Being transported to or from school, or is presumed by law to be attending school
- Attending school or a school-sponsored activity
- Present on school premises

Student disciplinary infractions and the responses to them are divided into four levels. Each level represents progressively more serious infractions, and responses to them become progressively more severe. Both infractions and responses are outlined later in this section. The procedures relating to disciplinary action are explained in Section 4. The Franklin County School District may require students who have multiple disciplinary referrals, felony charges pending against them (whether school-related or not), are habitually truant, or other habitual disciplinary issues to attend the district alternative placement school, The Franklin County Learning Center. **Franklin County Learning Center (Alternative School) students are not permitted on any Franklin County School District Campus for any school or other functions, until the duration of their placement has been completed. Alternative School students who have completed Level I may be permitted to participate (at the Principal’s discretion) unless prohibited by law.**

Student in Good Standing

For any student to participate in school sponsored trips, intramural or interscholastic activities, including sports sponsored by FHSAA and/or Franklin County School District, etc., they must be a student in good standing. To be classified as a student in good standing the following must be met:

- No more than 10 days of absences (unexcused) within the current semester, unless documented by medical staff
- No more than 2 Fs (Elem) or a cumulative, unweighted GPA of 2.0 on a 4.0 scale in grades 6-12.
- No more than 3 referrals with **no** serious infractions (Level II, Level III or IV infractions).
- Student Athletes' requirements follow the FHSAA state guidelines.

Student Athletes

It is recognized that some of the expectations for athletes may exceed the expectations for the general student body. Student athletes must remain aware that being a part of interscholastic athletics is a privilege and not a right. As a condition of participation in interscholastic athletics, students and their parents must agree to the requirements of the Athletic Handbook by signing the Handbook and returning the signature page to their coach.

A student not currently suspended from interscholastic or extracurricular activities, or suspended or expelled from school, pursuant to a district school board's powers provided in law, including Florida Statutes 1006.07, 1006.08, and 1006.09, is immediately eligible to participate in interscholastic and extracurricular activities. A student may not participate in a sport if the student participated in that same sport at another school during that school year, unless the student meets the criteria in Florida Statute 1006.15(3) (h). A student's eligibility to participate in any interscholastic or extracurricular activity may not be affected by any alleged recruiting violation until final disposition of the allegation pursuant to Florida Statute 1006.20(2) (g).

Students who participate in interscholastic and extracurricular activities for, but are not enrolled in, a public school pursuant to Florida Statute 1006.15(3) (c) - (e) and (8), are subject to this Code of Conduct for the limited purpose of establishing and maintaining the student's eligibility to participate at the school. A student who transfers to a school during the school year may seek to immediately join an existing team if the roster for the specific interscholastic or extracurricular activity has not reached the activities identified maximum size and if the coach for the activity determines that the student has the requisite skill and ability to participate.

For more information, please see the Student Athletic Handbook.

Possession of Alcohol, Tobacco and Drugs

The use, possession, delivery, or sale of alcohol, tobacco or other drugs including counterfeit or synthetic drugs, whether on school property or at a school function, will not be tolerated. Confiscated items will not be returned.

Tobacco/Vaping

School policy prohibits anyone to smoke tobacco or vape in, on or within 1,000 feet of a public or private elementary, middle or secondary school. If a student is found to have possession or use, the parents or guardian and law enforcement will be notified. Civil penalties may be imposed per Florida Statute 569.11.

All use and possession of tobacco products and e-cigarettes and or vapes in any form are prohibited in school buildings, on school property, or at any school sponsored activity by persons of any age. A student who commits non-criminal tobacco violations (possessing or using tobacco in any form) and fails to comply with corresponding sanctions is subject to mandatory revocation or suspension of, or delay of eligibility for driver's license. Tobacco-like nicotine or other smoking devices are addressed under Search and Seizure in Section 3, and Contraband in Section 4.

Alcohol

Students are prohibited from using, possessing, delivering, selling or being under the influence of alcoholic beverages on school property, on a school bus or school-approved transportation, or at any school-related function or activity. Violation of this rule is a Level IV offense.

Drugs

"Drugs" shall include any unlawful drug, narcotic or controlled substance (including prescription medications), and any substance (including household products) represented to be such a drug, narcotic or controlled substance. Students are prohibited from using, possessing, delivering, receiving, selling, intending to sell, or being under the influence of drugs on school property, on a school bus or school-approved transportation, or at any school-related function or activity. They are likewise prohibited from possession of drug paraphernalia, which includes devices, products and things used or intended to be used for the ingestion of drugs. Students are also prohibited from possessing, using, delivering, receiving, selling, or intending to sell any counterfeit drug which is a substance that (i) is represented to be, (ii) is represented to contain, or (iii) appears to be (looks like) a narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, stimulant, depressant, intoxicant or controlled substance of any kind, on school property, on a school bus or school approved transportation, or at any school-related function or activity. A violation of these rules is a Level IV offense and may subject a student to arrest and prosecution. While on school property, school bus, or school approved transportation, or at any school-related function or activity, students are prohibited from planning, intending or committing any act in furtherance of the possession, use, delivery, receiving, purchase, or sale of drugs, counterfeit drugs or drug paraphernalia.

Use of Alcohol and Drugs

A student who is under the influence of alcohol or drugs on school property, on a school bus or school-approved transportation, or at any school-related function or activity shall be deemed to have used and possessed alcohol or drugs. Evidence of such use of alcohol or drugs includes but is not limited to a student's admission of use of alcohol or drugs on or off campus; witness statements; a positive Portable Breath Test result indicating use of alcohol; red and/or glassy eyes; drooping eyelids; odor of alcohol or drugs; difficulty communicating, walking or standing; difficulty with other motor skills; or other impaired faculties.

Students who violate the District's alcohol and drug policies are subject to the penalties provided for Level IV offenses. In addition, the principal may revoke the student's privilege of participating in non-academic school activities including, but not limited to, extracurricular activities, athletics, school trips, prom, and graduation exercise, and/or the revocation of school privileges, including, but not limited to, driving privileges. Delivery, receipt, or sale of alcohol or drugs, or intent to deliver, receive or sell alcohol or drugs, is a more serious offense than use and possession of drugs or alcohol and shall result in a more serious penalty.

Prescription and Non-Prescription Medicine

All prescription and non-prescription (over the-counter) medication administered by the school must be prescribed by a physician who has determined that a student's health and well-being requires medication during school hours. The prescription must be documented by a medication form on file with the school. Students are prohibited from possessing prescription medication on school property, on a school bus or school approved transportation, or at any school-related function or activity. Prescription medication must be turned into the clinic and the prescription is documented by a medication form filed with the school before the student brings the medication on campus. Unauthorized possession of prescription medication without a valid, current prescription constitutes possession of a drug and is a Level IV offense. If the student has a valid, current prescription for the medication, but fails to file a medication form with the school before bringing it on campus, the possession is a Level II violation.

Students are prohibited from possessing any non-prescription medication at school, on a school bus or school approved transportation, or at any school-related function or activity without the written permission from

the parent or guardian, documented with the appropriate form on file with the school, prior to the medication being brought on campus. Unauthorized possession or use of any non-prescription medication is a Level II offense. Misuse of non-prescription medication is a Level III offense. Misuse of non-prescription medication includes (i) the delivery of non-prescription medication or (ii) any use inconsistent with the manufacturer's directions or generally accepted guidelines. Aggravated misuse of non-prescription medication is a Level IV offense. Aggravated misuse of non-prescription medication is the sale of non-prescription medication for any purpose or its delivery with the intended or actual effect of modifying mood or behavior, or inducing physical, emotional or behavioral changes, rather than for its intended purpose.

Search and Seizure

Students, their lockers, vehicles, and other possessions are subject to search, upon reasonable suspicion that they may possess drugs, other prohibited substances, objects, or contraband, while on school property or wherever students are under school supervision, such as on field trips, at extracurricular activities, or while being transported by school bus or school- approved transportation.

For the purpose of this Code, "contraband" is any item or substance that is prohibited by federal and/or state law, School Board rule or this Code from being used or possessed on School Board property, a school bus or school approved transportation, or at any school-related function or activity. Contraband includes, but is not limited to, drugs, drug paraphernalia, alcohol, unauthorized non-prescription medications, tobacco, weapons, ammunition, matches, lighters, laser beam devices, firecrackers and fireworks, pornography, and gang- related signs or symbols, e-cigarettes, hookahs, and any other nicotine-dispensing device. School administration may search students reasonably suspected of being in possession of contraband or other prohibited items. They may search students' possessions when reasonable suspicion exists that such possessions may conceal or contain contraband or other prohibited items. Students' possessions subject to search include, but are not limited to, book bags, backpacks, athletic bags, notebooks, purses, coats, jackets, telecommunication devices, computers, devices capable of storing or communicating information, lockers, and vehicles. Students do not have any expectation of privacy in or around vehicles on school property.

Students are responsible for the contents of any vehicle they possess on school grounds and shall be deemed to be in possession of any contraband contained within their vehicle. School personnel are encouraged to seek consent from a student before the search but may proceed without consent if reasonable suspicion is present. To assist in the maintenance of drug and alcohol-free schools, school officials may enlist the assistance of law enforcement, including canine units. Canine inspections will be conducted in compliance with applicable law. Reasonable suspicion is not required for random canine inspections conducted in school classrooms, hallways, parking lots, and elsewhere on school premises. Schools may utilize metal detectors in the interest of security and student safety.

Portable Breath Test

When there is a reasonable suspicion that a student may be under the influence of alcohol or drugs, the school's administration may request law enforcement to administer a portable breathalyzer test (PBT) or a Field-Sobriety test at school and school related activities.

Cell Phones and Wireless Communication Devices

By state law, FS 1006.07 (2)(f), Students may possess cellular telephones and other wireless communication devices on buses, school property, and at school functions. However, they must comply to the following guidelines. Devices may be used on school buses to and from school as long as they do not create a disturbance or interfere with the safety and welfare of all students. Failure to comply may result in the device being confiscated. Repeated failure to comply will be considered defiance of school rules.

Grades Pre-k through 8 – Students in grades Pre-k through 8 are encouraged to leave their "Wireless Communication Devices" (WCD) at home. Students who bring WCD to school must ensure they remain on silent mode and completely out of view for the entire school day or as expressly authorized by the classroom teacher for a specific instructional activity. Classroom teachers may also provide, and students may utilize, a

cell phone storage area in the classroom.

Grades 9-12 – Students in grades 9 through 12 are encouraged to leave their “Wireless Communication Devices” (WCD) at home. Students who bring WCD to school must ensure they remain on silent mode and completely out of view for the entire school day except for the students’ lunch period, or as expressly authorized by the classroom teacher for a specific instructional activity. Classroom teachers may also provide, and students may utilize, a cell phone storage area in the classroom.

Any disruptive, harassing or other inappropriate use of a cell phone or wireless communications device in violation of this policy or school rules, shall be cause for disciplinary action, including confiscation of the device as contraband and, in the event of repeated or serious misuse, loss of the privilege to possess such a device on school property or while attending a school function. Inappropriate use includes, but is not limited to: (1) texting, phoning or web browsing during prohibited times; (2) taping conversations, music or other audio at any time; (3) photography or videography of any kind at any time; (4) “sexting;” and (5) any activity that could in any manner infringe upon the rights of other individuals, including but not limited to students, teachers and other staff members. Refusal to hand over a device if asked will result in further disciplinary action.

Instructional Technology

The Franklin County School District recognizes the value of instructional technology as a tool that assists student achievement within the classroom. Students may possess an instructional technology device and utilize it as an instructional tool in the classroom with the consent and under the direction of the school administration and teacher, as it pertains to the current curricular unit, lesson, etc., and only within the scope and sequence of the District’s Acceptable Use Policy. However, this device must be turned off and stored when not being used. Failure to comply may result in the item being confiscated. Repeated failure to comply will be considered defiance of school rules and may result in consequences as provided in the District’s Student Code of Conduct.

When there is reasonable suspicion that a student has used an instructional technology device in violation of the Code of Conduct/AUP or other school rules, or if used for an unlawful purpose, the school administration may review the device’s applications in furtherance of its investigation of the suspected violation.

Bullying and Harassment

Students and employees should be provided with a safe and secure learning and work environment, free from bullying, harassment, and cyber-bullying of any kind. The complete text of the School Board’s bullying and harassment policy is set forth in School Board Policy 5517.01. Bullying and harassment are Level IV violations of the Code of Conduct and are major infractions. Bullying or harassment will not be tolerated, and disciplinary action will be taken. In addition to school consequences, criminal charges may be filed. This policy shall be interpreted and applied consistently with all applicable state and federal laws. Conduct that constitutes bullying or harassment, as defined herein, is prohibited in all educational environments. Bullying and Harassment may be reported on the school website, under the Franklin Tip Line link.

Hazing

Hazing will not be tolerated, and disciplinary action will be taken when hazing occurs in connection with athletics, clubs, extracurricular activities or any other educational environment. The complete text of the School Board’s Hazing Policy is set forth in School Board Policy 5516. This policy shall be interpreted and applied consistently with all applicable state and federal laws. Hazing is a Level III violation of the Student Code of Conduct and is a major infraction.

Dating Violence and Abuse

It is Franklin County School District policy that all of its students have an educational setting that is safe, secure, and free from dating violence and abuse. The complete text of the District’s dating violence and abuse policy is contained in School Board Policy 5517.03.

Zero Tolerance

Schools will conduct investigations of suspected criminal offenses independent of law enforcement and arrive at their own determination. Students who commit a criminal offense will be subject to possible arrest and prosecution by law enforcement authorities. All school personnel will be held accountable for [the required](#) reporting of suspected battery, abuse, or neglect.

A student found to have committed the following offenses on school property, school-sponsored transportation or during a school-sponsored activity shall receive the most severe consequences provided by this Code of Conduct. In addition, the offense shall be reported to law enforcement for appropriate action:

It is a third degree felony for a person to exhibit, in a rude and threatening manner, any firearm or destructive device, or other weapon within 1000 feet of school during school hours or during the time of a sanctioned school activity.

Toy pistols, water guns, or facsimile guns are prohibited from school property, transportation and activities. However, pursuant to Florida Statute 1006.07(2)(g), simulating a firearm or weapon while playing or wearing clothing or accessories that depict a firearm or weapon or express an opinion regarding a right guaranteed by the Second Amendment to the US Constitution is not grounds for disciplinary action or referral to the criminal justice or juvenile justice system under Florida Statutes. "Simulating a firearm or weapon while playing" includes, but is not limited to:

- Brandishing a partially consumed pastry or other food item to simulate a firearm or weapon.
- Using a finger or hand to simulate a firearm or weapon.

However, a student may be subject to disciplinary action if simulating a firearm or weapon while playing substantially disrupts student learning, causes bodily harm to another person, or places another person in reasonable fear of bodily harm. The severity of consequences imposed upon a student, including referral to the criminal justice or juvenile justice system, must be proportionate to the severity of the infraction and consistent with district school board policies for similar infractions. If a student is disciplined for such conduct, the school principal or his or her designee must call the student’s parents.

The Superintendent may consider the one-year expulsion requirement on a case-by-case basis and request the School Board to modify the requirement by assigning the student to an alternative school or program or second chance school. The procedures for assignment of disruptive or violent students to an alternative school are set forth in Section 6 of the Code of Conduct. *******Any Student that is involved in any violent act or disruptive behavior on or off of school board property, will be referred for safety evaluation and mental health services.*******

SECTION 4 DISCIPLINE

Overview

School District staff should intervene in an effort to prevent or curtail misconduct. Referral for placement at an alternative school is not a suspension, but rather a school assignment.

When a student is accused of misconduct that would warrant suspension under the Code of Conduct, the following procedures shall apply. Before suspension is imposed, students shall be given notice of the provisions of the Code of Conduct they are accused of violating and the factual basis for the charges. Students shall have an opportunity to present their version of the incident before suspension is imposed.

The principal is authorized to immediately suspend a student if the student has physically assaulted another individual, engaged in behavior posing an immediate danger to students or staff, substantially disrupted the orderly operation of the school, or otherwise committed any offense which the School Board has determined constitutes a serious breach of conduct, including any Level III or IV offense. However, in these cases, the student shall still be given verbal notice of the allegations and an opportunity to explain or defend the

conduct. In these cases where immediate suspension is not authorized in accordance with this paragraph, the principal or designee should make a good faith effort to seek parental assistance before suspension.

In a timely manner following the imposition of suspension, the principal or designee shall make a good faith effort to inform the student's parent or guardian by telephone of the suspension and the reason such action was taken in a timely manner. The suspension and the reason for the suspension shall be communicated in writing to the parent or guardian within twenty-four (24) hours by United States mail or hand delivery. In case of high school students, 18 years or older, written notice of suspension may be hand delivered in the care of the student.

The school staff shall notify the Superintendent within twenty-four (24) hours of the suspension and the reasons therefore. The school shall use the District-approved Notice of Suspension form. The Superintendent's designee shall review such suspension for compliance with the requirements of the Code.

The rules of evidence and judicial procedure do not apply to suspension procedures. The school's decision to impose suspension is not subject to further review beyond the Superintendent's designee.

Any student who brings a firearm or weapon to school or who has made a threat or false report will be referred to mental health services for evaluation and treatment.

Procedures for Placement in an Alternative School

A Discipline Committee will review all recommendations for placement in an alternative school and/or expulsion. Students may be referred for counseling with mental health services, substance abuse programs, and subject to random drug screening. If the school principal or designee recommends alternative placement, the principal or designee shall appear before the Committee and explain the facts and the rationale for the recommendation. After due deliberation, this Committee shall act upon the recommendation and so advise the student and principal. The Discipline Committee may accept, reject, or modify the principal's recommendation.

Students will be registered at the Franklin Learning Center (Alternative School) following placement by the Discipline Committee. Students who do not attend Franklin Learning Center may not attend any Franklin County School District school until they have attended the Learning Center for the prescribed period. Students may be assigned to the alternative program.

Alternative School is a 90-day program in which the student progresses through four levels. Students begin in a Level 1 environment and must progress through all four levels before exiting the program. See the Alternative School Handbook for more information about this program.

Procedures for Appeal of Alternative School Placement

The student, parent or guardian may request an appeal of the Discipline Committee's decision to place the student in an alternative school to the District School Board. However, the student must enroll at the alternative school while the appeal is pending. The School Board may request, receive, and will consider such additional information from the parties as necessary to properly review the initial decision. After due deliberation, the Board shall make a recommendation to the Superintendent, who may affirm, reject or modify the original decision.

For all meetings under this section, with the exception of the initial meeting of the Discipline Committee, the student shall attend with the student's parent(s) or guardian or other responsible adult. The student may also invite others to attend on the student's behalf including legal counsel or other representation. The student shall have an opportunity to explain his or her actions and provide any additional information, as the student may believe necessary. These are not legal proceedings, and the rules of evidence and judicial procedure do not apply. No transcript of testimony will be required or provided.

The Superintendent may request, receive, and review such additional information from the parties as necessary to properly review the Board's decision. After due deliberation, the Superintendent shall act upon the Committee's recommendation and so advise the student and principal. The decision of the Superintendent is final, conclusive and binding.

Expulsion

The school Principal may recommend the expulsion of any student who has committed a serious breach of conduct, including any Level IV or other offense that is subject to expulsion under this Code or Florida law. The principal's recommendation of expulsion shall include a detailed report explaining the basis for the recommendation and alternative measures to expulsion considered by the principal before making the recommendation. The Superintendent shall consider the recommendation and may adopt, modify, or reject it. If the Superintendent recommends expulsion, the recommendation shall be forwarded to the School Board for final action.

The student or parent or guardian shall have the right to an expulsion hearing before the School Board. The hearing shall be conducted in accordance with the requirements and safeguards of School Board Policy 5610. Students with disabilities may be subjected to short-term or long-term removals depending on the disciplinary infraction of the Code of Conduct. A short-term removal is one in which a student with a disability is removed from a school up to ten (10) school days within a school year. Short-term removals do not require the school to provide services identified in the student's Individualized Education Plan (IEP) or Section 504 plan, or to conduct a manifestation determination meeting.

A long-term removal is one in which a student with a disability:

- is suspended for a period of more than ten (10) consecutive days, or
- has been suspended for more than ten (10) cumulative days in the school year, or
- is subject to expulsion.

A long-term removal of a student with a disability requires the following:

- The school will schedule a manifestation determination meeting with the relevant members of the IEP or Section 504 team including the parent and student. At this meeting, the team reviews the student's IEP or Section 504 plan, the student's file, teacher observations, and relevant information provided by the student's parents. Following this review, the IEP or Section 504 team shall determine whether the student's behavior was a manifestation of his/her disability.
- If the behavior is not a manifestation of the student's disability, then the student may be disciplined in the same manner as non-disabled students. Additionally, the student may be removed to an alternative education setting if recommended by the Discipline Committee. The Discipline Committee will also serve as an IEP team to consider any educational placement issues relating to the student's disability. Students with disabilities may also be recommended for expulsion by the Discipline Committee when appropriate.
- If the behavior is a manifestation of the student's disability, the District shall conduct a functional behavioral assessment (FBA) and implement a behavior intervention plan (BIP) for the student to

address the behavior. The student may not be disciplined and shall be returned to his/her original placement unless the parent and District agree otherwise as part of the student's IEP. However, if recommended by the Discipline Committee, a student may be removed to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the student's behavior is determined to be a manifestation of his/her disability if the student: (a) carries a weapon to or possesses a weapon at school, (b) knowingly possesses or uses illegal drugs at school, or (c) has inflicted serious bodily injury upon another person while at school.

Additional requirements for the suspension and expulsion of students with disabilities are detailed in the District's Exceptional Student Program Policies and Procedures, and Florida Department of Education Rule 6A-6.03312. Any time a significant change in placement (such as an exclusion of more than ten (10) consecutive days is being considered, the parent(s) or guardian of a student with a disability shall be provided a copy of the notice of procedural safeguards for parents of students with disabilities and written notice, or the procedural safeguards and parent rights for Section 504.

Restraints for Students with Disabilities- School Personnel are prohibited from using mechanical restraints and are allowed to use Physical restraint only when all positive behavior interventions and supports are exhausted, and when there is imminent risk of serious injury. Ensuring physical restraint may be used only to protect the safety of students, school personnel or others. School resource officers, school safety officers, school guardians or school security guards, as defined in F.S.1006.12 (s), to use mechanical restraint in the exercise of their powers and duties to restrict students in grades 6-12.

Procedures for Felony Suspension

A student may be suspended from all regular classes when formally charged with a felony, or with a delinquent act which would be a felony if committed by an adult, by a proper prosecuting attorney for an incident which allegedly occurred on other than school property, but which is shown to have an adverse impact on the educational program, discipline, or welfare in the school in which the student is enrolled. The procedures and requirements for felony suspensions are prescribed by Florida Statute 1006.09(2) and Department of Education rules.

Corporal Punishment

The principal shall prepare guidelines for the use of corporal punishment. The guidelines will identify the types of punishable offenses, conditions under which the punishment shall be administered, and the specific personnel of the school staff authorized to administer the punishment.

- Corporal punishment is defined as "the moderate use of physical force or physical contact by principal, assistant principal or dean as may be necessary to maintain discipline or to enforce school rules."
- It is required that corporal punishment be administered only in the presence of another adult who is informed beforehand, and in the student's presence, of the reason for the punishment. It is recommended that female staff members administer corporal punishment to female students (middle and high school). The school officials will honor a written request by a parent or guardian for no corporal punishment. An alternative disciplinary measure will be used in its place, such as suspension/Alternative School.
- Principal, assistant principal or dean who has administered corporal punishment is also required, upon request of a student's parent or guardian, to provide a written explanation of the need for the punishment and the name of the adult witness who was present.
- In no case shall corporal punishment be unduly severe or degrading in its nature.
- Corporal punishment shall never be administered to a student known to be under medical treatment for an emotional disability or to a student suffering from a physical condition which would cause his/her life to be endangered by the use of such punishment.

SECTION 5 MISCELLANEOUS

Administrative Assignment to an Alternative School

This transition may be due to previous assignments to a juvenile justice facility, an alternative school outside the District, or from another school district where serious disciplinary charges were pending at the time of the student's withdrawal or transfer. In addition, the Superintendent may use their judgment and discretion to determine if such alternative placement would be in the District's best interest in terms of protecting student safety and welfare.

In accordance with School Board Policy 8330, the School Board reserves the right to release selected personal information about students ("Directory Information") without the consent of the students or their parents or guardian. STUDENT CONDUCT CODE

Parent/Student Acknowledgment Student's Rules and Regulations of Operation

Students, parents/guardians, teachers, counselors, administrators, and office staff all have important roles to play in our schools. With so many people working together, problems may occur from time to time. Rules have been made to address these problems. Like laws, rules apply to everyone, and they work only when everyone knows what they are.

This booklet lists the district rules for students in Franklin County. The rules apply to all activities occurring on school grounds, on other sites being used for school activities and for any vehicles authorized for the transporting of students. Please read them. Since parents/guardians can be held responsible for the actions of their children, it is important that they are aware of the rules and consequences if the rules are broken. Parents, students, school faculty and staff need to know the rules.

Parents need to become involved in the education of their children and have the responsibility to provide the school with the current emergency contact person and/or telephone numbers. They also have the responsibility to notify the school of anything (such as medical information) that may affect their child's ability to learn, to attend school regularly, or to take part in school activities. As a parent, you also authorize designated Franklin County School District personnel and Franklin County Health Department School Health personnel to provide emergency care for your child and to exchange medical information as necessary to support the continuity of care of your child. Parents should also take special notice of the Attendance section of this Booklet as well as the Suspension and Expulsion provisions, which are in accordance with School Board Rule.

Your signature means that you have received this Code of Student Conduct booklet and you know what the rules are. Signed forms must be part of every student's record. Parent signature means that parents have read this booklet and understand the rules. (It does not mean that you agree or disagree with them.)

All forms must be signed by parent/guardian and student and returned to school.
