JULY 8, 2020 PRESS RELEASE: SUPERINTENDENT'S MESSAGE REGARDING REOPENING

On July 6th, Commissioner of Education Richard Corcoran issued an executive order requiring all campuses to be opened in August. While we know everyone is anxious to know what the reopening plans for the 2020-2021 school year will look like please rest assured that district and School Administration have been working closely with our local health department, planning and preparing to safely welcome our students and staff back to our campuses.

We are eager to share those plans with you and need your help as we finalize what school will look like in August. We recognize that our families are entrusting their children to our staff, and we will continue to care for them with the utmost regard to their health, safety, welfare, and provide the highest quality instruction and support possible. The district has published a family resource document with information for you as well as a survey to provide us with the information we need to make final decisions. The survey link is on our district website www.franklincountyschools.org, and our Franklin County Seahawks Facebook page.

As you complete the survey please keep in mind regardless of your choice your child will

- be taught by Franklin County teachers
- have a full range of course offerings
- have access to instruction which meets the rigor required of the Florida Department of Education and
- have access to a digital device for the entire school year

We look forward to your feedback and to continuing our partnership with families as we support the students of Franklin County. Thank you for your continued patience, understanding, and support as we work through this together. Stay safe and be well Seahawks!
