

Could you be our next great mentor?

This is your opportunity to make a difference in a student's life! Take Stock in Children was founded in Florida during the early 1990s and is known for its dedication to college success! The goal is to break the cycle of poverty through education by providing college scholarships to deserving, low-income students who achieve academic success, become civically engaged in the community, and develop personal leadership skills through a relationship with their mentors. Please learn more at <https://www.takestockinchildren.org/>.

From its inception, our TSIC program produced 18 College Graduates, 40 College Attendees, and 16 Current College Students! We currently have 17 student members at Franklin County High School! **We want to continue this great path with your help!**

Mentor Responsibilities

- **Meet with your mentee once a week for a total of 15 times a school year!**
 - Be a positive and professional role model for your student!
 - **Use provided TSIC materials with your mentees.**
 - Mentor Sessions in Franklin County can be virtual or at school per protocol.
 - **Use the TSIC App for texting students and logging sessions.**
- Keep in touch with the College Success Coach and the Student Services Coordinator.
